PROFILE

LAWAS Group introducing ourselves as registered ISO 9001:2015 & 14001:2015, NSIC & GEM certified & Crisil rated 100% SWADESHI Lubricant Company. Manufacturer of Automotive, Industrial, Synthetic & Speciality lubricants including High Temperature greases as well as Silicon oils and greases. We are having 32 years long experience in the chain of manufacturing & distributing. Our professional & experienced management team gives services after sales also.

To overcome the critical situation of crude oil prices and shortages, we are working on a biodegradable lubricant range based on vegetable oil and planning to introduce these products in a short period. It will be helpful for our farmers, the country's economy & save the environment.

We are trying to cover the complete range of Lubricants as per our customer required standard pack (1 Lit. to 210 Lits.) of all products and specialized for making tailor made products as per customers specification.

Today our presence is country wide & our main business motto is "TCS" TOTAL CUSTOMER SATISFACTION through good quality, quick service and competitive rates.
